

***O.G. FUNK Audition Sides for DESIREE***

**DESIREE**

You know?.. I'm tired. Tired of working and getting no help. I feel compromised by your father. I feel that your Father has not carried his part of this family. He used to be very different. But now I feel like I'm all-alone and I'm scarred. Scarred of not having enough money to pay bills. Scarred of losing the house. And because I'm gone at work everyday I am scarred of losing you kids. I wanna be fun. I wanna be the fun Mom. But it seems like all I do is yell and get mad... I need help. I'm tired of seeing you guys wanna be with Dad and not me. It hurts me to think you guys don't like me as much as your Dad.

I don't know if we're going to divorce. But, things have to change because I can't go on like this.
