

***O.G. FUNK Audition Sides for JESSI***

**JESSI**

I'm loving this camp. Especially Tom?

I mean ..I think he is real... from the heart.

I have a girl friend...I thought it is was exclusive... but now I'm not sure.

I don't know... things are little complicated these days... I think I need to focus a little, if you know what I mean. Well this street dance is all new to me but I really do feel it. My parents have completely given up on me. They don't care what I do as long as I stay off drugs and out of jail... Lets go back inside for the next series of torture.
