

O.G. FUNK Audition Sides for Kamal

KAMAL

Well... it depends on what you mean by gay?

I'm not sure if I feel good talking about this.

I hear how you guys talk about gays and fags. Maybe I don't wanna be judged like that... I don't want to be thought of as a lesser person.

Look, my parents have condemned me. My family has condemned me. I hear the way you and your brother talk about fags. Queer this and faggy that. I don't want that label put on me. Can you imagine being half Iranian and half Mexican? I would be killed in Iran. My parents think I'm sick. I don't want that shit in me. I am more than that... and who cares if I am or not?
